Manufacturing of Industrial Bags

Investment Opportunity

Executive Summary

Tawteen's Chemicals and Metals Cluster covers products and services that would support further localization of the petrochemical, manufacturing & sustainability sector in Qatar and would cater to the requirements by Energy Sector Companies. This Tawteen E-Brochure presents the opportunity for investors to establish a polyethylene industrial bags (FFS bags) facility in Qatar.

In essence, Tawteen aspires for the Investor to develop the following local capabilities:

- Establish a facility to convert PE resins to layflat (tube of film) rolls suitable for use in FFS machines
- Establish logistical infrastructure to distribute the products across retail channels to support this investment,
-

QChem, the Contracting Entity will issue a Request for Proposal (RfP) to all Investors covering a 5-year contract for 2060 Mt volume per annum.

In addition, Tawteen will provide various incentives in infrastructure and supplier development as support to establishment.

Tawteen will also be conducting briefing sessions that will be communicated in the future to fully align on the process of evaluation and expectations of this opportunity.

Investment Opportunity

Detailed Opportunity Description

Manufacturing of Industrial Bags:

- This opportunity involves the setup of a new Polyethylene (PE) Industrial Form, Fill and Seal (FFS) bags manufacturing facility in Qatar.
- These bags are used for packaging plastic resins manufactured by petrochemical companies.
- The manufacturing of this product will ensure redundancy in supply which is critical for the local petrochemical industry as FFS bags are used by Energy Sector Companies.

Manufacturing of Industrial Bags

Strategic Fit

- Ensure redundancy in supply of this product, which is critical for the local petrochemical industry
- Create in-country value through downstream integration along the plastic value chain

Localization Opportunity

Scope

- Out of Scope
- In Scope

Supporting Commitment:

■ Combined: 2060 mt / annum for 5 years

Contracting Entity:
